

Abstract:

The proposal must arrive in the form of a scientific abstract of up to 3000 characters (including spaces), in English, and in doc or pdf format. The abstract must be sent to the following email address: scienza@parentproject.it.

The abstract must include:

- Title of the study
- Name (s) and Surname (s) of authors in full
- Affiliations and addresses of the authors
- E-mail of the authors

Guidelines for Posters:

Posters must be written in English, and prepared using sturdy A0 (841x1189 mm) vertical paper or cardboard.

Poster Exhibition:

The posters will be displayed in a dedicated space at the Conference on appropriate supports. The printing service is not available. For this reason, we invite you to bring your material already printed. The poster session will be held on Saturday, February 18th. Authors must be present during the poster session to illustrate their work to conference participants and to answer any questions.

It will be possible to accept a maximum of 39 posters. We will therefore need to make a selection of the proposals received in case this number is exceeded. Furthermore, just in case the number is exceeded, the priority will be given to young researchers.
